

One of the strengths of the Sam Houston Area Council is its foundation of exemplary professional leadership. It has been my privilege over the past several years to work personally with many of the men and women who have dedicated themselves to serving youth through a professional career with the Boy Scouts of America. Marty Sepulveda is one of these incredible professionals.

For the past two years, Marty has served our council with dedication and vision in his role as Director of Field Service. He has been committed to staff development, motivating and training the field staff personnel to achieve both their professional goals and personal growth potential. Marty and I have worked closely together in the area of council membership growth and development, where Marty's guidance and wealth of experience have been instrumental in the return to growth we are currently seeing throughout our council.

Marty's passion for the Scouting program, his integrity, and his effective management and problem-solving skills make him an outstanding candidate for a Scout Executive position.

Debbie Rollinson
Council Vice Chair – Membership
Council Executive Committee Member
